My dear Mr. Garrison:-

The Phila. meeting in aid of the colored refugees has been set for Saturday evening next in the Horticultural Hall. A preliminary meeting of the committee will be held at the Mayor's office, Phila., on Friday noon.

I mentioned to Col. Forney, Ed. Mc Kean esq; and E. Jay Morris esq; and other prominent gentlemen my hope that you would find it compatible with your health to attend, and if not, would at least send a letter to be read at the meeting. I shall remain here with my college friend, Mr. Deming for two days and should feel honored to accompany you to Phila. on Saturday to convey the letter and read it

of the meeting. I am confi=
dent that Phila. will not
be behind her sister cities,
when once she is aroused to
the importance of the move=
ment as it affects not only
the negro but the great question
of the day - the relation of labor
and capital.

A line addressed to me at
this office until Saturday
noon, will reach me.

I am, my dear sir, with
sentiments of the highest regard,
Yours very respectfully,
Richard D. Green,
Secy. Nat. Emp. Aid Society.
